

DELTA PROTECTION COMMISSION

14215 RIVER ROAD
P.O. BOX 530
WALNUT GROVE, CA 95690
PHONE: (916) 776-2290
FAX: (916) 776-2293

May 10, 1996

To: Delta Protection Commission

From: Margit Aramburu, Executive Director

Subject: Pending Projects Memo
(For Commission Information Only)

Purpose of the Pending Projects Memo:

The purpose of the memo is to enhance communication throughout the Delta and to let jurisdictions know what projects are being proposed "next door". No Commission action is required; the Pending Projects Memo is for information only.

Pending Projects Memo:

The attached memo is intended to be informational only, and does not represent analysis of the consistency of the proposed project with the Commission adopted Land Use and Resource Management Plan for the Primary Zone of the Delta. The projects included on the Pending Projects Memo have the following characteristics:

- * Are pending, and include projects which are approved but not yet constructed. The memo may include projects which are not "development" as defined in Section 29723(b) of the Public Resources Code, again for information only.
- * Are private, local, State, and federal projects in the Primary Zone.
- * Are projects in the Secondary Zone that would have a direct impact on the land uses and resources of the Primary Zone, for example a marina.

* Are not minor subdivisions or lot line adjustments which conform to existing zoning, nor gas wells or communication antennae, nor placement of a mobilehome in conformance with existing codes.

The Pending Permits Memo includes projects within each of the five Delta Counties, plus a page for projects located in more than one county.

Additional information about these projects is available in the Commission's office, including environmental documents, staff reports, planning commission agendas, and meeting minutes.
